

Others First Foundation
Helping charities and non-profit humanitarian
organisations, to save lives

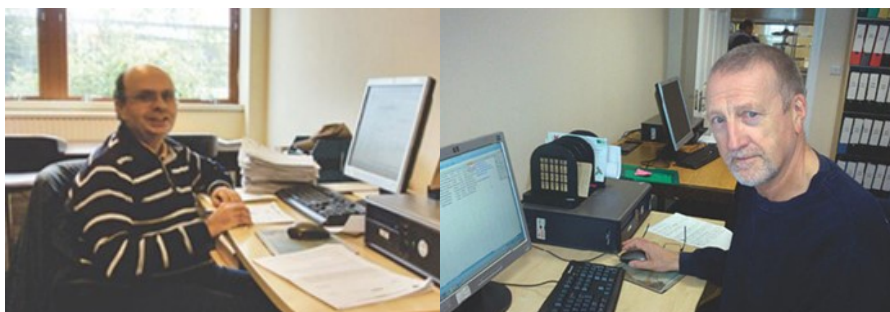

OUR VISION

To support and promote the voluntary sector engaged in promoting humanitarian values in society, providing a better life, equality, justice, peace and harmony.

WHAT WE DO?

The purpose of OFF is to support other charities and the wider voluntary sector who are working for human rights and the public benefit. OFF already provides some existing charities and voluntary groups with work space and facilities to help maximize their activities. OFF provides following services:

- Meeting rooms
- Event spaces
- Exhibition Space
- Work stations
- Catering Facilities
- Secure IT infrastructure
- Storage
- Other Services

Some keen volunteers from our user charities

WHO WE HELP?

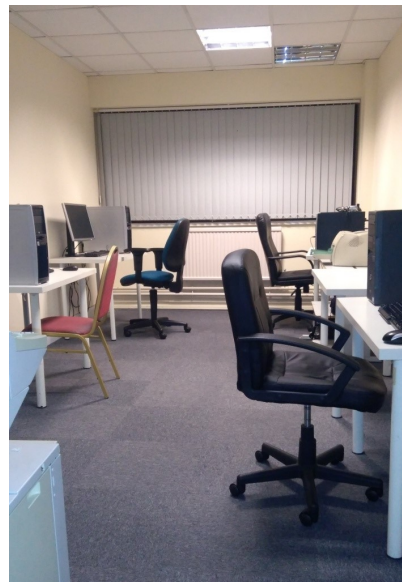

During the last year OFF has been helping some local charities and voluntary groups mainly based in North West London. The charities and voluntary organizations who currently use our facilities, include those:

- Working with, refugees and victims of torture
- Campaigning to stop imprisonment, torture and executions
- Working for public awareness regarding the violation of human rights
- Educating the public with regard to the threat of extremism and fundamentalism
- Pursuing those who are involved in judicial killings or any crime against humanity, through the international court
- High-lighting human rights issues worldwide

OFF will continue to support any charities and voluntary groups who are working in these areas for the public benefit.

Typical Office Space

WHAT ARE OUR BELIEFS & VALUES?

OFF considers any voluntary work should be valued and supported because the voluntary works adds value to the community. The charity understand that voluntary organizations and charities exist because people with shared values want to achieve something independently of state and markets for the purpose of social justice and making a positive difference to the people's lives.

Many voluntary groups and charities whose income are based on public donations cannot afford to pay for services such as offices, meeting rooms or event halls. OFF provides these services and can help these groups to be more effective.

OFF is a charity run exclusively by volunteers.

OUTREACH

OFF and its user charities could not survive without their supporters. The charities who use our centre hold regular social events for their supporters.

These events allow their supporters to meet the volunteers and hear first hand the progress the charities are making. These events can be for public awareness, cultural, musical or any activities for the benefit of the user charities or non-profit organizations.
